

CLASS B & C SPACE CONVERTED TO CLASS A SPACE

6080 Roswell Road

With the removal of a distressed structure, this spacious 4,760-square-foot building located in Sandy Springs transforms to Class A retail. Composed of brick with stone detail, this stunning revitalized property incorporates modern components with a traditional style and commands a grand presence among other area buildings. Enhanced by a generous stone patio and a sizable parking area, the building offers practicality along with aesthetic sensibility.

6090 Roswell Road

This former Class B office space has been transformed from an out-of-date property into trendy, Class A retail space through the meticulous use of greenery and contemporary hardscapes. Illuminated by stylishly executed outdoor lighting and hosting approximately 6,070 square feet of retail space, the completely revived, ornately renovated building now exhibits luminous picturesque windows that add character and sophistication.

6152 Roswell Road

With remnants of its past completely erased, this sparkling structure houses restaurant space in the Sandy Springs area. Riveting stone and cedar detail revamp a former automotive site into a magical restaurant and retail space. This 1,832-square-foot facility includes a cozy patio area canopied by a cedar arbor that establishes a distinctive style for the vicinity.

234 Hilderbrand Avenue

Rich landscaping and design coupled with strategically placed parking lot islands transpose this ordinary property into polished elegance. Conveniently located in Sandy Springs with approximately 5,101 square feet of free-standing space, this lavishly landscaped site now offers revitalized retail space ideal for a spectrum of restaurant services. Lush, blossoming greenery brings the property to life.
