

Union Hill Township

Located in South Forsyth County, Union Hill Township results from a joint venture with Seven Oaks Company, LLC, and envisions a 165-acre, master planned, mixed-use community. Including commercial, retail and office space, as well as townhome & single family residences, development plans propose a 45-acre reserve for parks and green space to create a vibrant community to fulfill its live, work and play purpose.

Deerfield Green

Through a 2005 joint venture with Seven Oaks Company, LLC, Devin Properties, LLC, aided Orkin & Associates in outlining this 32-acre tract along Deerfield/Webb Road/Morris Road. The traditional, mixed-use development expects to house 256 residential units complemented by 56,000 square feet of office and retail space for the live/work/shop community.

Triangle at Sandy Springs

The Triangle at Sandy Springs is bordered by Roswell Road, Johnson Ferry Road and Mt. Vernon Road in conveniently located Sandy Springs. Currently occupied by a variety of tenants, Orkin & Associates envisions a beautiful mixed-use development at this site in the future. The property will include street-level retail, office space and condominiums.
